SUMMARY

Web Developer experienced in building and deploying responsive web applications using Laravel, PHP, ASP.NET, C#, Next.js, React, Node.js, MySQL, and PostgreSQL. Completed an internship at NCSC Region XI, contributing to a government information system, role-based access control, reporting, AI-assisted OCR, and AWS EC2 deployment. Familiar with Docker, Azure, Hostinger, cloud deployment, and AI-assisted development using ChatGPT, Claude, Antigravity, and Gemini.

SKILLS

Technical: Laravel, PHP, ASP.NET, C#, Next.js, React, Node.js, HTML, CSS, JavaScript, Bootstrap, MySQL, PostgreSQL, REST API, Docker, AWS EC2, Azure, Hostinger, Git, GitHub, GitHub Actions (CI/CD)

AI-Assisted Development: ChatGPT, Claude, Antigravity, Gemini

Soft Skills: Team Collaboration, Communication, Critical Thinking, Problem Solving, Project Management, Time Management, Adaptability, Agile Methodologies, User Experience Design

INTERNSHIP EXPERIENCE

National Commission of Senior Citizens (NCSC) – Region XI, Davao City
Full-Stack Developer Intern | March 2026 – June 2026

- Developed and maintained ECA-IS v.1, an information system for managing senior citizen beneficiary records and processing workflows using Laravel 11, PHP, Bootstrap 5, JavaScript, and MySQL.
- Implemented beneficiary management, payroll processing, archives, and role-based access control (RBAC).
- Developed dynamic reports and Excel export features for payroll and regional beneficiary data.
- Assisted with system testing, debugging, deployment, and technical documentation.
- Configured and deployed the application on AWS EC2, including Linux server setup, web server configuration, SSL, and database connectivity.
- Implemented GitHub Actions CI/CD pipelines to automate application testing and deployment to AWS EC2.

PROJECT EXPERIENCE

Sellio – Android Secondhand Marketplace with Blockchain
Capstone Project

- Led a 3-person team in planning and developing a blockchain-based secondhand marketplace application for Davao City.

- Coordinated development tasks, meetings, project milestones, and problem-solving throughout development.

EventSphere | January 2026

- Developed an event management web application using PHP, Laravel, and MySQL.
- Integrated QR-based attendance checking.

Social Welfare System | May 2025

- Developed a web-based system for managing social service and community welfare programs using ASP.NET, C#, and MySQL.
- Integrated a Messaging API and implemented two-factor authentication (2FA).

EDUCATION

University of Mindanao, Davao City

- Bachelor of Science in Information Technology | 2026

CERTIFICATES

- **Network Security** — ITS Certiport ..... **July 15, 2025**
- **Information Technology Specialist in Networking** — ITS Certiport …….. **December 18, 2024**
- **HTML and CSS** — ITS Certiport ..... **May 25, 2024**
- **Databases** — ITS Certiport ..... **February 29, 2024**

SEMINARS/TRAININGS

- Ethereum's Layer 2 solutions — July 26, 2025
- SUI Meet-up Davao — March 1, 2025
- React JS and GitHub Training — February 24, 2026
